

Scholarship for Outgoing Exchange Students

We kindly ask you to distribute this information within your institution, especially to academic staff and **any interested students who would like to study at the FH Salzburg for one or two semester(s)**.

The Austrian Ministry of Science and Research offers the ERNST MACH GRANT for all students with a non-European citizenship who plan to come to FH Salzburg for **Fall 2024 or Spring 2025** (or both). This grant would also open the study abroad opportunity for students who would normally not have the necessary financial background.

With 1,250 Euro a month, this grant allows students to cover all their expenses.

The chances to receive the Ernst Mach Grant are quite good, if students submit a complete and thoughtful application.

To know how many students can be nominated, please refer to our contract.

There is only one call per year (**February 1st 2024**) for the following academic year (fall term 2024/spring term 2025 or both semesters). We ask you to **nominate your students by January 10th 2024**, so that we can support them in the application process.
