Re: Student Qualification Description

Student Qualification Description for realization of internships of students from the National Taipei University of Technology in VÚTS, a.s.

Following the agreement with the Rector of the National Taipei University of Technology on an internship of their students in VÚTS, a.s., we communicate a qualification description of the students in whom we would be interested.

- Students of:
 - o The Faculty of Mechanical Engineering
 - o Design and construction of machinery and equipment
 - o Preferably, design and building of textile machines
 - o Knowledge of 3D CAD (Solid EDGE, Solid WORKS, NX)
- Preferably, 3rd year and higher year students
- Ideal link to the project partner TTTRI Taipei
- Knowledge of English, French
- If it should be a student of textile technology – thus, preferably a weaver.

Ing. Milan Holubec
Head of Human Resources
