

Study in Canada Scholarship Open for Competition NOW!

Dear Friends at the Office of International Affairs,

The Canadian Trade Office in Taipei would like to bring to your attention the opening of the **Study in Canada Scholarship** competition and invite you to share this news as well as encourage your students to take part in this competition.

The Study in Canada Scholarship, funded by Global Affairs Canada (GAC), provides students from post-secondary institutions in eligible countries/territories (including Taiwan) with short-term exchange opportunities for study or research in Canadian post-secondary institutions at the college, undergraduate and graduate levels for a duration of four to six months.

At least 50 scholarships will be awarded each year.

Academic Year: 2022-2023

Deadline: March 22, 2022 – Please encourage interested students to submit applications at their earliest convenience.

Value of the Scholarship:

- CAD10,200 for college, undergraduate and graduate students (Master's and PhD) for a minimum of four months or one academic term of study or research
- CAD 12,700 for graduate students (Master's and PhD) for a period of five to six months of study or research

Each scholarship includes:

- Visa or study/work permit fees and costs related to providing biometrics
- Airfare for the scholarship recipient, to travel to Canada by the most direct and economical route and return airfare upon completion of the scholarship
- Health Insurance

- Living expenses, such as accommodation, utilities and food
- Ground public transportation, including a public transportation pass
- Books and supplies required for the recipient's study, excluding computers and other equipment

The scholarship does not cover tuition in Canada, as per tuition waiver included in the student exchange agreement. The recipients remain registered full-time at, and continue paying tuition to, their home institutions.

Eligible costs incurred by scholarship recipients prior to the start of their studies in Canada will be reimbursed only if and when the students arrive at the Canadian host institution. Advances of funds are not possible.

Canadian post-secondary institutions eligible to participate in this program:

The scholarships are offered for study or research exchanges at the college, undergraduate and graduate levels at the Canadian post-secondary institutions on the [Designated Learning Institution](#) (DLI) list.

When to commence exchange?

Scholarship recipients may commence their exchange as early as August 1, 2022, but no later than February 1, 2023. Students arriving for semester-based study exchanges must adhere to the academic calendar of their Canadian institution.

Restrictions:

The scholarship applies to study or research exchanges in all disciplines or programs. Nonetheless, scholarship recipients in pharmacy, medicine, dentistry or other health fields are excluded from the clinical training or clinically oriented research involving direct patient care while in Canada.

How do eligible students apply for the scholarship?

Eligible students cannot apply for the scholarship directly, as Canadian host institutions must apply on their behalf. Interested candidates should contact their home institution's international office about existing partnerships or

student exchange agreements with Canadian post-secondary institutions, which would enable their participation in the program.

Taiwanese home institutions are responsible for identifying strong academic candidates who meet the admission requirements of the Canadian partner institution and for providing the candidates' documents to the Canadian partner institution.

Canadian institutions must apply on behalf of the candidate(s) by submitting the online application form and uploading all supporting documents prior to the deadline.

For further details, we invite you to consult the [Study in Canada Scholarships guidelines](#).

Who can I contact with questions?

For all scholarship-related questions, please contact the scholarship administrator, the Canadian Bureau for International Education (CBIE) at scholarships-bourses@cbie.ca.

We thank you for your support in promoting the 2022-2023 Study in Canada Scholarships competition.

Best regards,

Jessie Tso
