For course prerequisites, availability, notes and rules, please refer to your program page:

[Master of Information Technology \(Enterprise Management\) LMIG](#)

- Please note that UniSA has 7 study periods each calendar year with Study Periods 1, 2 and 3 being the first half of the year (commonly known as semester 1) and Study Periods 4, 5, 6 and 7 being the second half of the year (commonly known as semester 2). (Study Period 7 courses can be scheduled anytime from November to February of the following year)**
- As you have been granted credit/completed **36 units**, as detailed above, your remaining studies will take a further **1 year** to complete at a full time load of 18 units per half year. This means you should complete your study in approximately **December 202X**.
- Should you have less than 13.5 units to complete in any half year your enrolment will be considered to be part time for that half year and this will be noted on your record and included on your completion letter.
- This Study Plan is based on UniSA's current program structure. UniSA reserves the right to vary the program structure and/or courses. Should this occur, a new study plan will be established, and the amount of credit granted may vary.
- This Study Plan will enable you to complete your program within the expected duration of study as specified on your Confirmation of Enrolment (COE). Failure to enrol in accordance with this Study Plan may result in your COE being cancelled or a future COE request being denied which may affect your student visa and your ability to complete your program.
- Eligibility for credit does not guarantee an applicant a place in a program at UniSA. Applicants must meet UniSA entrance requirements, including English language admission requirements available at <http://www.unisa.edu.au/Study-at-UniSA/International-students/How-to-apply/English-language-requirements/>
